

Use this pre-travel checklist to ensure nothing important is overlooked in the flurry of activity before you head off on your adventure.

- Empty the trash and recycling
- Clean out the fridge of perishables
- Refill your prescriptions
- Make arrangements for your pets/plants
- Arrange for a neighbour to collect your mail if you still have home delivery and remove any fliers
- Leave a key with a trusted friend or relative
- Unplug electronics
- Set the thermostat

OTHER

- Take photos of your passport and store them securely. Most of us travel with a smartphone or tablet these days, making it a great place to keep a copy. Just remember to use the security features on your phone.
- Ensure you have all your itinerary details, including a printed copy in case of electronic failure.
- Print a copy of your Travel Insurance and leave a copy with someone at home.
